

For the inhouse consulting team of a leading European company in healthcare distribution and services, we are currently looking for an:

Inhouse Strategy Consultant (m/f/d)

Location: Rhine-Main region/hybrid (on-site presence required around one week per month)

Compensation: 120,000 – 130,000 EUR total compensation

Start Date: As soon as possible

Working Language: English

Your Responsibilities:

- Lead and deliver high-impact and cross-functional strategy and transformation projects from initial concept through execution.
- Develop actionable strategies, translate strategic concepts into practical implementation plans and support sustainable execution.
- Partner with senior executives, manage complex stakeholder environments and ensure alignment across multiple business functions.
- Identify opportunities for innovation across the organization and contribute to the continued development of the company's capabilities and project portfolio.

Your Profile:

- Outstanding academic background.
- Minimum of four years of experience in a top-tier management consultancy or in a strategic role within an international organization.
- Proven track record of leading complex, cross-functional projects in dynamic environments.
- Strong analytical and conceptual thinking combined with a pragmatic, execution-oriented mindset as well as excellent communication skills.
- Business-fluent English is required; German is not required.
